LAMBDAPerm

BY BUCKEYE COLOR & CHEMICAL

The LambdaPerm™ line of organic pigments are our fully encompassing range of polymer soluble colorants. Included in this product line are: High Performance Pigments (HPP's), Phthalocyanine Pigments, and Classical AZO Pigments. Our LambdaPerm line is engineered with superior fastness properties in mind, including light, weather, migration and heat stability. With exceptional versatility of colors and chemistries, our organic pigments are primary choices for the masterbatch industry's varying resin systems. FDA compliance and regulatory information provided upon request. Please contact our customer service team to learn more.

KEY FEATURES:

- Ideal particle size to facilitate pigment dispersion
- Minimal build-up of pressure for masterbatch optimization
- Long filter cycles lead to reduced processing costs
- Manufactured for excellent fastness properties
- Eco-friendly pigments adhering to global standards
- Superior quality powders with excellent product purity
- Superb product solubility in polymers allowing for transparent shades

MASSTONE	TINTTONE	TRADENAME	COLORINDEX	CLASS
		LambdaPerm Yellow 2R	PIGMENT YELLOW 139 (2R)	Isoindoline
		LambdaPerm Yellow 4G	PIGMENT YELLOW 150	Specialty Azo
		LambdaPerm Yellow B4G	PIGMENT YELLOW 151	Benzimidazolone
		LambdaPerm Yellow KG	PIGMENT YELLOW 180	Benzimidazolone
		LambdaPerm Yellow RP	PIGMENT YELLOW 183	Monoazo
		LambdaPerm Yellow 2GS	PIGMENT YELLOW 14	Diarylide
		LambdaPerm Yellow WSR	PIGMENT YELLOW 62	Monoazo
		LambdaPerm Yellow 5GX	PIGMENT YELLOW 74	Monoazo
		LambdaPerm Yellow HR	PIGMENT YELLOW 83	Diarylide
		LambdaPerm Yellow 3RL	PIGMENT YELLOW 110	Isoindolinone
		LambdaPerm Yellow 7G	PIGMENT YELLOW 138	Quinophthalone
		LambdaPerm Yellow LGR	PIGMENT YELLOW 191:1	Monoazo
		LambdaPerm Orange GRL	PIGMENT ORANGE 43	Perinone
		LambdaPerm Orange 2G	PIGMENT ORANGE 5	Monoazo
		LambdaPerm Orange GP	PIGMENT ORANGE 64	Benzimidazolone
		LambdaPerm Red BRN	PIGMENT RED 144	Disazo

The color shades displayed should only be considered a representation of the indicated dye or pigment. Actual color can depend on varying factors, including the desired application. Product samples are recommended for testing before use and/or purchase.

MASSTONE	TINTTONE	TRADENAME	CINAME	CLASS
		LambdaPerm Red F3RK	PIGMENT RED 170	Napthol
		LambdaPerm Red F5RK	PIGMENT RED 170	Napthol
		LambdaPerm Red PP	PIGMENT RED 254	DPP
		LambdaPerm Rubine TR	PIGMENT RED 264	DDP
		LambdaPerm Red 2B	PIGMENT RED 48:1	Monoazo
		LambdaPerm Rubine 2BW	PIGMENT RED 48:2	Monoazo
		LambdaPerm Red 2B3	PIGMENT RED 48:3	Monoazo
		LambdaPerm Red Lake C	PIGMENT RED 53:1	Monoazo
		LambdaPerm Rubine 6BB	PIGMENT RED 57:1	Monoazo
		LambdaPerm Scarlet 60	PIGMENT RED 60:1	Monoazo
		LambdaPerm Magenta E	PIGMENT RED 122	Quinacridone
		LambdaPerm Maroon BL	PIGMENT RED 179	Perylene
		LambdaPerm Violet 3B	PIGMENT VIOLET 19	Quinacridone
		LambdaPerm Violet RL	PIGMENT VIOLET 23	Dioxazine
		LambdaPerm Phthalo Blue 247	PIGMENT BLUE 15:0	Phthalo
		LambdaPerm Phthalo Blue BHP	PIGMENT BLUE 15:1	Phthalo
		LambdaPerm Phthalo Blue 3GP	PIGMENT BLUE 15:3	Phthalo
		LambdaPerm Phthalo Blue BT	PIGMENT BLUE 15:4	Phthalo
		LambdaPerm Blue 3RV	PIGMENT BLUE 60	Indanthrone
		LambdaPerm Green 8G	PIGMENT GREEN 36	Phthalo
		LambdaPerm Phthalo Green G	PIGMENT GREEN 7	Phthalo

The color shades displayed should only be considered a representation of the indicated dye or pigment. Actual color can depend on varying factors, including the desired application. Product samples are recommended for testing before use and/or purchase.
