LAMBDAPLAST™

BY BUCKEYE COLOR & CHEMICAL

The LambdaPlast line of colorants are an extensive range of polymer soluble dyes exhibiting brilliancy and versatility for use in a broad spectrum of plastic applications. With varying resins and polyesters requiring different chemistries and stringent requirements, our colorants offer maximum flexibility. This product line is manufactured and tested for quality control with full emphasis on technical performance. Whether your application demands lightfastness, opacity, or vibrancy, our masterbatch colorants line boasts excellent properties.

KEY FEATURES:

- Extensive series for a full color palette of options
- Highly concentrated dyes for strong color yield in finished applications
- Exceptional thermal stability
- Superior quality powders with excellent product purity
- Superb product solubility in polymers allowing for transparent shades

NO.	SHADE	TRADE NAME	COLOR INDEX
1		LambdaPlast Yellow 4G	Disperse Yellow 241
2		LambdaPlast Yellow 6G	Disperse Yellow 201
3		LambdaPlast Yellow Y	Solvent Yellow 33
4		LambdaPlast Yellow 3G	Solvent Yellow 93
5		LambdaPlast Yellow G	Solvent Yellow 114
6		LambdaPlast Yellow GB	Disperse Yellow 64
7		LambdaPlast Yellow LG	Solvent Yellow 72
8		LambdaPlast Yellow RNB	Pigment Yellow 147
9		LambdaPlast Yellow GHS	Solvent Yellow 163
10		LambdaPlast Orange RR	Solvent Orange 86
11		LambdaPlast Orange LFP	Solvent Orange 60
12		LambdaPlast Orange RZ	Disperse Orange 47
13		LambdaPlast Scarlet BL	Solvent Orange 7
14		LambdaPlast Red A2G	Solvent Red 179
15		LambdaPlast Red AG	Solvent Red 135
16		LambdaPlast Red 4R	Solvent Red 23
17		LambdaPlast Red G	Solvent Red 111
18		LambdaPlast Red L	Solvent Red 168
19		LambdaPlast Red A	Solvent Red 24

The color shades displayed should only be considered a representation of the indicated dye or pigment. Actual color can depend on varying factors, including the desired application. Product samples are recommended for testing before use and/or purchase.

NO.	SHADE	TRADE NAME	COLOR INDEX
20		LambdaPlast Red BB	Solvent Red 195
21		LambdaPlast Magenta B	Solvent Red 207
22		LambdaPlast Red 5B	Solvent Red 52
23		LambdaPlast Red Violet R	Disperse Violet 26
24		LambdaPlast Violet 3R	Solvent Violet 36
25		LambdaPlast Violet LA	Solvent Violet 14
26		LambdaPlast Violet L3B	Solvent Violet 13
27		LambdaPlast Blue PR	Solvent Blue 122
28		LambdaPlast Blue RS	Solvent Blue 45
29		LambdaPlast Blue A	Solvent Blue 36
30		LambdaPlast Blue L	Solvent Blue 104
31		LambdaPlast Blue B	Solvent Blue 35
32		LambdaPlast Blue NL	Solvent Blue 59
33		LambdaPlast Blue BRR	Solvent Blue 97
34		LambdaPlast Blue GN	Solvent Blue 67
35		LambdaPlast Blue 6G	Solvent Blue 70
36		LambdaPlast Turquoise GG	Disperse Blue 60
37		LambdaPlast Green B	Solvent Green 3
38		LambdaPlast Green G	Solvent Green 28
39		LambdaPlast Black BB	Solvent Black 3
40		LambdaPlast Nigrosine SB	Solvent Black 7

FLUORESCENT RANGE

41		LambdaPlast FL Yellow FGN	Disperse Yellow 82
42		LambdaPlast FL Yellow 10GN	Solvent Yellow 160:1
43		LambdaPlast FL Yellow 3G	Solvent Yellow 98
44		LambdaPlast FL Green FGG	Solvent Green 5
45		LambdaPlast FL Yellow R	Solvent Yellow 43
46		LambdaPlast FL Orange 2G	Solvent Orange 63
47		LambdaPlast FL Red FLG	Disperse Red 277
48		LambdaPlast FL Red 2B	Solvent Red 196
49		LambdaPlast FL Red 5B	VAT Red 41

The color shades displayed should only be considered a representation of the indicated dye or pigment. Actual color can depend on varying factors, including the desired application. Product samples are recommended for testing before use and/or purchase.
